It works even for prostitutes. They are making maybe an uncomfortable job, but not a dirty job, like in all the other places. And with the systems, ok you have people who of course here there is lots of noise, people yahaha, horny and back, but this way I don't know how it is on your places but in Italy prostitution is not legal but you find hookers on the road. People who stop on the verge of the road have accidents, have public disturbance and everything and this absolutely brings more criminality.
